

Certificate of renewable energy

Renewable electricity certified by TÜV SÜD

Electrabel SA certifies that it has bought renewable energy certificates corresponding to 100 % of the total electricity consumption of:

Pittsburgh Corning Europe

Albertkade, 1
3980 Tessenderlo

Renewable energy bears the TÜV SÜD label. This guarantees that the energy is produced in hydroelectric sites operated by CNR (Compagnie Nationale du Rhône) and SHEM (Société Hydroélectrique du Midi), Electrabel's partners in France, and that the certificates are allocated exclusively to the buyer.

Period of supply:

From 01/01/2008 until 31/12/2008

Brussels, 19/06/2008

Joseph Castermans,
Sales Manager
