

TEAIS - Spain

I. About TEAIS

TEAIS is a specialist manufacturer and distributor to the Construction Industry. In the 1980's TEAIS developed and began manufacturing specialist waterproofing systems. Since then, TEAIS has continued to develop innovative renders and solutions to resolve problems in construction achieving high quality and excellent performance. In addition, TEAIS products continue to stand the test of time, giving many years of unfailing service to the customer's construction projects, throughout Europe and beyond. This dedication to quality continues to drive the company's development.
